

17 AND 18 MAY  
2018

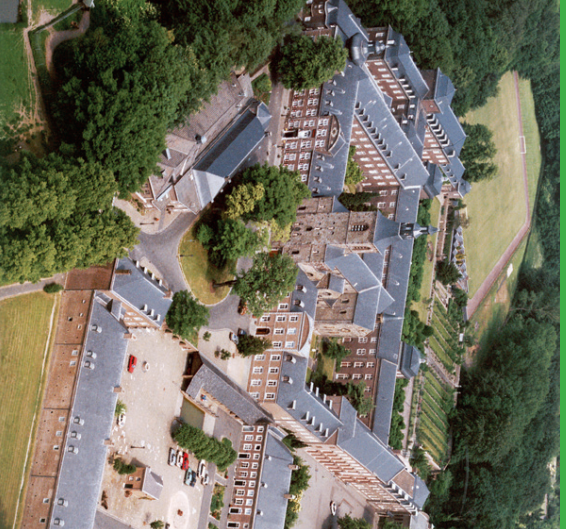

# GENETICS RETREAT

28<sup>TH</sup> EDITION  
NVHG GRADUATE MEETING

## Feel connected in science and debate

Join us on our annual two-day research trip to learn more about human genetics, molecular/translational genetics, genomics and epigenetics in health, development and disease in a wide range of disciplines.

The so called 'Rolduc meeting' has been running since 1990 in the former Augustinian abbey in Kerkrade (NL). While the location has remained the same, the meeting has evolved into an internationally celebrated occasion for scientific debate.

## Share this invitation

Dear .....  
*This meeting is intended for PhD students, (junior) postdocs, their supervisors and all other scientists from universities, clinical institutions and research centres in the Netherlands and neighboring countries.  
See you there?  
Kind regards .....*

*Rolduc meeting.*

*Feel connected!*

# GENETICS RETREAT

**NVHG GRADUATE  
MEETING**

**17 AND 18 MAY 2018**

## For whom?

PhD students & their supervisors, researchers, postdocs from NLD, BEL, DEU

**SOCIAL EVENING  
IS SPONSORED BY  
PERKIN ELMER**

## Aim

- learning
- practising
- exploring
- innovating
- networking

**KEYNOTE  
ADDRESS  
BY A  
RENOWNED  
SCIENTIST**

**PRIZES FOR  
THE 3 BEST ORAL  
PRESENTATIONS  
BY BECKMAN  
COULTER**

## Field

human and clinical genetics, molecular/translational genetics, genomics, epigenetics

## Venue

conference centre Rolduc Kerkrade (NL)

**DISCOUNT  
FOR  
NVHG-  
MEMBERS**

## Registration will open this autumn
